The Inquiry Design Model (IDM) is a distinctive approach to creating instructional materials that honors teachers’ knowledge and expertise, avoids over-prescription, and focuses on the key elements of envisioned in the C3 Inquiry Arc. Unique to the IDM is the blueprint™, a one-page presentation of the questions, tasks, and sources that define a curricular inquiry. The blueprint offers a visual snapshot of an entire inquiry such that the individual components and the relationship among the components can all be seen at once. We offer a 10 step design path for developing IDM inquiries for your classroom!
